

APS 330 DISCLOSURE

This disclosure on the capital and credit risk refers to the Sutherland Credit Union Limited (ABN 89 087 650 708)

CAPITAL MANAGEMENT

The capital levels are prescribed by Australian Prudential Regulation Authority (APRA). Under the APRA prudential standards **APS 110, 111, 112, 114, 116** where capital is determined in three components

- Credit risk
- Market risk (trading Book)
- Operations risk.

The market risk component is not required by Sutherland Credit Union as the credit union is not engaged in a trading book activities for financial instruments.

CAPITAL RESOURCES

Tier 1 Capital

The vast majority of Tier 1 capital comprises

- Preference share capital
- Retained profits
- Realised reserves.

The preference shares issued where approved by APRA qualify as Tier 1 capital.

Tier 2 Capital

Tier 2 capital consists of capital instruments that combine the features of debt and equity in that they are structured as debt instruments, but exhibit some of the loss absorption and funding flexibility features of equity. There are a number of criteria that capital instruments must meet for inclusion in Tier 2 capital resources as set down by APRA.

Tier 2 capital generally comprises:

- A subordinated 10 year loan. The principal amount will be amortised on a straight line basis over the last 5 years to maturity of the loan in accordance with the requirements of APRA Prudential standard APS 111.
- A General Reserve for Credit Losses.

Capital in Sutherland Credit Union is made up as follows:

The credit union is required to maintain a minimum capital level of 8% as compared to the risk weighted assets at any given time.

The ratio is derived by the fraction of Total Capital divided by the risk weighted assets.

Risk Weighted Assets

The total of risk weighted assets comprises

- Credit risk weighted for on balance sheet assets
- Credit risk weighted assets for commitments to issue funds for loans and other guarantees
- Operational risk charge as described in APS 114.

These components are described in the table following. The risk weights attached to each asset are based on the weights prescribed by APRA in its Guidance AGN 112-1. The general rules apply the risk weights according to the level of underlying security.

Impairment details

The level of impaired loans by class of loan is set out below. In the Note below -
 - Carrying Value is the amount of the balance sheet gross of provision (net of deferred fees)

- Past due loans is the 'on balance sheet' loan balances which are behind in repayments past due by 30 days or more but not impaired
- Impaired loans is the 'on balance sheet' loan balances which are at risk of not meeting all principle and interest repayments over time
- Provision for impairment is the amount of the impairment provision allocated to the class of impaired loans
- The losses in the period equate to the additional provisions set aside for impaired loans, and bad debts written off in excess of previous provision allowances.

Total	127,919	1,066	132	107	15	3

The impaired loans are generally not secured against residential property. Some impaired loans are secured by bill of sale over motor vehicles or other assets of varying value. It is not practicable to determine the fair value all collateral as at the balance date due to the variety of assets and condition

Reserve for credit losses

In addition to the above provision for impairment, the board has recognised the need to make an allocation from retained earnings to ensure there is adequate protection for members against the prospect that some members will experience loan repayment difficulties in the future. The reserve is based on estimation of potential risk in the loan portfolio based upon the level of security taken as collateral.

The reserve has been determined on the basis of the past experience with the loan delinquency and amounts written off. The amount of the reserve is currently \$433,000.

The value of the reserve is amended to reflect the changes in economic conditions, and the relevant concentrations in specific regions and industries of employment within the loan book.
